Valid Anagram

t is anagram of s

s = anagram

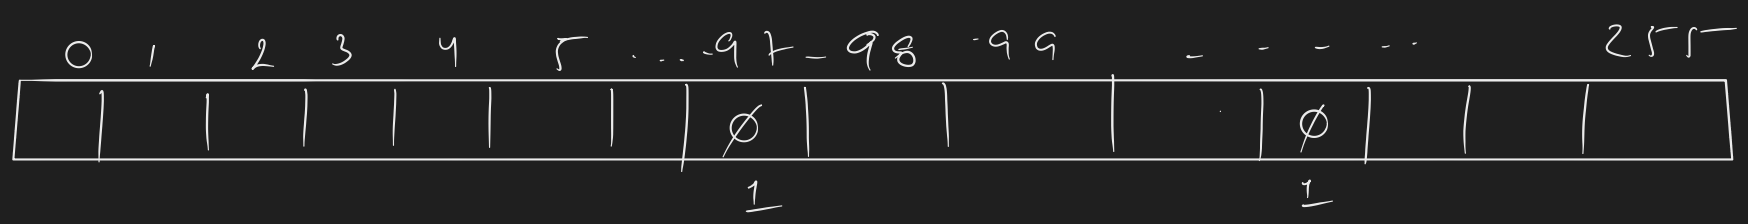
t = nagaram

s = table

a → 3 ~~2~~ ~~1~~ 0
n → ~~1~~ 0
g → ~~1~~ 0
r → ~~1~~ 0
m → ~~1~~ 0

all 0 then true

n a g a r a m



→ a → 97
n → 110

① Create freqTable 256 size

```
vector<int> freqTable (256, 0)
or
int freqTable [256] = {0}
```

②
```
for ( 0 ——→ s.size())
{
    int ch = s[i]
    freqTable [ch]++;
}
```

③
```
for ( 0 ——→ t.size)
{
    int ch = t[i];
    freqTable [ch]--;
}
```

④
```
for (0 —— freqTable)
{ if ( i ≠ 0) return false }

return true
```
